

2 + 2 Programme between Jilin University and the Faculty of Life Sciences, University of Manchester

The Faculty of Life Sciences at The University of Manchester is delighted to offer this 2+2 programme in collaboration with Jilin University. Together we are committed to delivering an exceptional educational experience. After your first two years at Jilin, come to study for a further two years at one of the top 5 universities in the UK where you will benefit from excellent research facilities, innovative teaching techniques and the opportunity to be taught by leading experts from across the breadth of life sciences in a dynamic and enterprising city.

- ▶ We are recognised as an international site of excellence in research, and were ranked 2nd in the UK for Life Sciences in the 2008 Research Assessment Exercise.
- ▶ We have over 230 Principal Investigators whose research spans from molecules, cells and whole organisms to populations and the environment. In your final year you will have the opportunity of carrying out a research project in one of their labs.
- ▶ Our extensive facilities and specialist equipment include our recently refurbished lecture theatres, our anatomy and teaching laboratories and The University of Manchester Library, one of the best-resourced academic libraries in the country.

Choose from Biology, Biotechnology, Cell Biology, Developmental Biology, Genetics, Microbiology, Plant Science or Zoology.

Successful completion of this programme with a classification of 2:1 will guarantee progression on to one of our Masters programmes.
